

Preservation

- ❑ What is preservation?
- ❑ How important should it be?
- ❑ What should be preserved?
- ❑ When should it be done?
- ❑ How do we effect preservation? Migration? Emulation?
- ❑ Is preservation a technical or policy issue?
- ❑ What content types can be preserved?
- ❑ What are the incentives for preservation?
- ❑ Funding?
- ❑ Is it at all possible? At what cost?
- ❑ Can we trust authenticity of future versions of digital content?
- ❑ “It must be preservation for access.”
